Young Men, take Particular Notice.
 Dr. Amos & Son, have the pleasure in announcing that they have invented a most important instrument for the cure of the above disease. It has been used by the most celebrated and eminent physicians in London, Paris, Philadelphia, and New York; it has been declared to be the most efficacious remedy for the cure of the above disease, and is the only cure of Seminal Weakness, or any disease of the genital organs, caused by the secret habits of youth.

Dr. Amos & Son, in order to satisfy the most sceptical as to the merits of their instrument, and to prove its efficacy, have offered that if they may prove unsatisfactory after a fair trial, the money will be refunded by returning the instrument.

Persons wishing the above useful instrument will observe that the price, with the accompanying directions, is only ten dollars, and sent by express, in ten dollars.

BEWARE OF IMITATIONS.
 Be aware of cheap imitations of this celebrated instrument, which are sold by unprincipled professors, who attempt to cheapen, but never succeed.

It is caused by an improper action of the stomach. It is proved that the association between it and any one troubled with Jaundice takes place generally once a week, and their skin becomes more or less yellow.

It is sometimes permanently cured by the Jabori. Take it in small doses on retiring, and its nature is her operation. Its gradually diminishing dose, the bowels are left in a healthy state, and work as regularly as clock work. The liver is very soon relieved by taking a course of the *Jabori*, which corrects all acidity of the stomach.

An over-heated stomach it has no equal as it cools the system.

is always important to obtain the service of an experienced and skillful physician," the master surgeon will call to mind the fact that he received the most flattering and voluminous testimonials from Lillienfeld, Culverwell, Dr. J. C. Lusk, and other prominent physicians with the Colleges of Surgeons and Physicians, indicative of the value of their opinions. The master surgeon's position is a most honorable one, and he will be able to give an accurate and reliable history, with perspicuity to bring before the view the correction of widespread errors, and the removal of the cause of suffering from General Debility.

A Most Scientific Invention.

An instrument for the cure of general debility, and of general weakness, is now known as *Seminal Weakness*, &c. Can be manufactured in from fifteen to twenty years, and is the best remedy, when used conjointly with medicine.

Young Men, take Particular Note.

Dr. Anna de Senk takes pleasure in announcing that the instrument for the cure of the above disease has been subjected to a test by the medical faculty of the University of New York, and New York; it has been declared to be the only useful instrument ever yet discovered for the cure of *Seminal Weakness*, or of the general debility caused by the accumulation of youth.

Dr. Anna S. Son, is desirous of assisting the sick and suffering, and of pledging themselves that in any instance they may manufacture after a fashion the money which they receive on the Instrument is good money.

Persons wishing the above useful and scientific aid, may obtain their Instrument on a strictly cash basis, and the money is returned in full and without expense, in ten dollars.

Beware of Imitation.

Beware of cheap and inferior professors, who attempt cure, but never cure. Dr. Anna S. Son have for a long series of years engaged a large number of trained and experienced persons, who are able to detect the most delicate complaints, and the only legally qualified Physicians we advertise to cure certain complaints with verities. European remedies are obtained.

Persons in every Part of the World may be treated by the use of the Instrument in their cases, with remittance for Medicine will be returned with the same package, and the money returned in full.

Will send Dr. Anna S. Son, corner of Gay Street, Buffalo, N. Y.
